

# LED TC-DD LAMP

LED Replacement Lamps for 16 or 28W 2D lamps

**Simple as 1-2-3:** Upgrade any 2D bulkhead to LED with our simple push-fit replacement lamp.

## FEATURES

- Classic 2D shape
- Creates exactly the same light as replaced 16 or 28W CFL lamp
- Very energy efficient - uses 50% less energy than equivalent CFL lamp
- Lasts 3x longer than CFL lamp
- Reduced running and zero maintenance costs
- Better quality of light
- Frequent Switching - turn on/off as often as you like without compromising lifespan of the lamp
- Better for the environment too, contains no lead or mercury

Available in 2 sizes

TC-DD Lamp LED Lamp

16W & 28W 11W & 16W

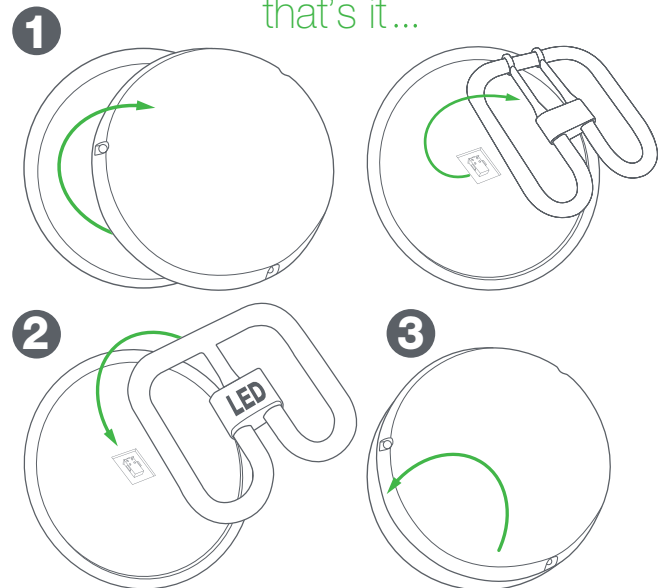

## SIMPLE AS 1-2-3

- Quick and easy to replace old CFL lamp, just push new LED lamp into lamp holder, no rewiring required
