Disclaimer:

Statements regarding the suitability of the Fern-Howard 2D LED lamps with non Fern-Howard products are based on Fern-Howard's own internal testing and evaluations. Such statements are not binding statements about the suitability of the lamps for every application. It is the customer's responsibility to validate that any non Fern-Howard product is suitable for use with the Fern-Howard 2D LED lamp. Parameters provided in datasheets and/or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each product. The above list is a guide only.
